Discover the Allpoint Difference!

What is Allpoint?

Allpoint is America's largest surcharge-free ATM Network, and is operated by two of the nation's largest ATM operators, Cardtronics and NetBank. With 32,000 ATMs in all 50 states, 1 out of 12 ATMs in America is an Allpoint Surcharge-Free ATM, and there are over 2,400 ATMs just in the state of Texas alone. Conveniently located in major national, regional, and local retail locations across the country, Allpoint is designed to provide better access and convenience to all JSC FCU members.

Take Advantage of the Allpoint Network

Start saving money today by taking advantage of the Allpoint Network of 32,000 surcharge free ATMs. There are no sign-up fees, no forms to fill out, and you can use the VISA Check Card or Money Shuttle ATM Card you have in your wallet right now to access your money at any of these ATMs. Use Allpoint ATMs where you live, work, and travel and stop paying extra fees other ATMs charge. Its like having thousands of JSC FCU ATMs all over the country and in your community.

Using the Allpoint ATM Network is Easy

Once you have located an Allpoint ATM, simply use your JSC FCU VISA Check Card or Money Shuttle ATM Card to withdraw cash. If the surcharge screen appears during your Allpoint transaction, press "yes" to accept the surcharge and proceed with your withdrawal. You will not be charged the surcharge, or Allpoint will refund your money. Your receipt will verify that you were not charged for the withdrawal.
